

Sizing Information

All “C Series” and “RevoLite™ Series” garments comply with NFPA-70E and CSA-Z462.

How To Measure:

Chest: Measure around the fullest part of the chest with arms down.

Sleeve: With elbow slightly bent, measure from center of neck to elbow and down to wrist bone.

Waist: Measure around the natural waistline.

Inseam: Measure from crotch seam down to bottom of leg.
Alterations to Cementex 32” standard coverall length will affect deliveries.

Outerwear is manufactured larger than standard sizes to fit comfortably over clothing.
